

Description

Kits for upgrading lightbars from M to ML

Extend the life of your MERCURA lightbar with Gyroleds !

M lightbars are renowned for their quality and durability. MERCURA offers you the chance to upgrade your M lightbar using LED technology.

These upgrade kits allow you to transform your lightbar with halogen or xenon rotating lights into an LED lightbar, without modifying the installation on the vehicle.

You will be able to preserve the properties and the design of the M lightbar, adding all the benefits of the Gyroled, in particular lower energy consumption.

Technical specifications

- Approved Gyroleds
 - 2 or 4 Gyroled® (*),
 - Rotating ou flashing (*),
